In Memoriam

JERE LEWIS SMITH

1879 - 1944

Our thoughts turn back to the sudden death of our late friend and fellow townsman, Jere Lewis Smith, and to honor and pay tribute to the memory of him who served his town as Town Clerk for 38 years.

Jere was so well known to all of us that we recall his sudden death brought to us all a sense of deep personal loss. In his death or transfer to the other life which never ends, the people of his town mourn his sudden departure and as the days have passed we miss his companionship, his sincere and cheerful greetings which were shared by us all. He was known as an earnest, upright, honest man and capable in his duties of the office which he held for so many years. He could always be trusted and relied upon and always in the performance of his many duties his genial and kind disposition was always manifest.

We cherish his memory and pay our memorial tribute to our departed citizen and with all truth and with devout and tender feelings we may repeat the beautiful words, "Well done thou good and faithful servant, enter thou into the joy of the Lord." His trust was in God and therefore he could at all times say with the poet Whittier:

And as beside the Silent Sea
I wait the muffled oar
No harm from Him can come to me
On ocean or on shore.

I know not where his islands lift
Their froned palms in air,
I only know I cannot drift
Beyond his love and care.

REPORT OF FIRE DEPARTMENT

Owing to a very dry hazardous year the department had a rather large overdraft.

This overdraft was caused not only because of the extremely dry spell, but also because of other facts. A large amount was spent trying to keep water-holes operatable, which is the only supply of water we have for fighting fire.

The use of a tractor at the orders of the state fire warden was another rather high figure that doesn't normally exist, we also had to use the tractor to make roads to fire holes.

A forest fire patrol had to be kept which doesn't normally exist, the town dump was ordered burned at a very critical time and got away from the men appointed to stand by, resulting in a fire that lasted better than several hours for the whole fire department, which also is a large sum not normally spent.

Another big factor, was that minors were going about setting wood fires as well as building fires, this can be laid to negligence on the part of the parents not knowing where their children are or caring what they are doing.

We had a total of \$701.90 for forest fires alone, a very staggering figure when you consider that the most of them were set by minors, also some building fires were set in unoccupied buildings.

Before another drought exists we are asking the parents of the town to kindly watch their children more closely, keep matches, cigarettes, cigarette lighters, and magnifying glasses away from them, remember you are paying for your negligence through a higher tax

rate, as the town appropriates money for various departments, through taxation.

In closing, here is a list of equipment on hand and what we feel is needed to carry on firefighting for the coming year.

Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records.

GENERAL COMMENTS

Appropriation Overdrafts:

The budget summary (Exhibit A-4) indicates:

Overdrafts of Appropriations	\$6,528.83
Unexpended Balances of Appropriations	904.81

Net Overdraft of Appropriations	\$5,624.02
---------------------------------	------------

Section 5 of Chapter 52, Revised Laws of New Hampshire, (Municipal Budget Law) the provisions of which have been adopted by the Town of Seabrook, provides as follows:

"5. **Exceeding Appropriations.** In towns adopting the provisions of this chapter, no board of selectmen, school board, or other spending agency shall pay or agree to pay any money or incur any liability involving the expenditure of money for any purpose for which an appropriation has not been made, or in excess of any appropriation or allotment made to it except for the purpose of paying judgments rendered against a town or school district, provided, however, that in case of sudden and unexpected emergency the selectmen may on application to the tax commission and the school board on application to the state board of education after hearing be given a certificate of emergency authorizing them to make such expenditure or incur such liability; provided, further, that in cases arising during the year following a town meeting where changes occur which make it unnecessary to use the amount appropriated for a specific purpose an unexpended balance may be

transferred by boards of selectmen or school boards from one appropriation to another, provided the total amount expended for all purposes does not exceed the total amount appropriated at town or school meetings for all purposes."

It must be stated, therefore, that contrary to the provisions of this section of the Municipal Budget Law, (1) total expenditures exceeded budgetary appropriations and (2) no application was made to the Tax Commission for authority to exceed appropriations.

In this connection it is recommended that the budget committee give careful consideration to the matter of the costs of required and essential services when the budget is prepared this year. Appropriations should be adequate in amount to cover necessary expenditures.

Uncollected Poll Taxes of Prior Years:

It will be noted from the summary of the Tax Collectors' warrants (Exhibit C-1), that on December 31, 1949 there were uncollected poll taxes on tax warrants of levies prior to 1947 as follows:

	Regular Poll Taxes @ \$2.00	Special Poll Taxes @ \$3.00
Levy of 1946	\$224.00	
Levy of 1945	186.00	312.00
Levy of 1944	88.00	138.00
Levy of 1943	124.00	
Levy of 1942	156.00	
Levy of 1941	98.00	
	<hr/>	<hr/>
	\$876.00	\$450.00

Inasmuch as the collections on account of the poll taxes of these prior years' levies amounted to only \$22.00 in 1949, it is reasonable to assume that the larger part of them may be uncollectible. The lists should be carefully gone over by the Board of Selectmen and Tax Collector and abatements made in cases where the taxes appear to be uncollectible. Including a substantial amount of such uncollectible taxes as "assets" in the Town balance sheet tends to give an inaccurate picture of the true financial condition of the Town.

Municipal Court:

As indicated by Exhibit E, there was a balance in the Municipal Court account on December 31, 1949, amounting to \$331.03. As this apparently represented unidentified receipts of previous years, the Judge of the Municipal Court will remit this balance to the Town Treasurer in 1950.

Record of Property Acquired by Tax Deeds:

Each piece of property acquired by the Town through tax collector's deed should be recorded on the regular form of card which is available for this purpose. All taxes, interest and costs paid by the Town to date of tax deed are entered on the card. Taxes which may accrue subsequent to the time when deed is taken and before the property is resold by the Town are likewise entered, and also such other expenses as insurance and repairs. This makes available to the Town at any time the total investment in each piece of tax deeded property, which should be used as a basis in establishing the re-sale price of the property.

Relief Orders:

Town aid to welfare cases should be given only by regular relief orders authorized by the Selectmen. The recipient should always sign the vendors copy when the goods or materials are received and the vendor should attach this copy to his bill when it is presented to the Town for payment.

Town Officers' Expense Accounts:

Town officials should make out detailed statements of their expense accounts, indicating by dates on which the expense was incurred such items as mileage, meals, etc.

Miscellaneous Expenditures:

Inasmuch as practically all expenditures can be properly classified under the regular classification headings, it is not necessary to have a "miscellaneous" expenditure column in the Selectmen's book.

Conclusion:

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual Town report. This letter of transmittal should be included in its entirety.

We extend our thanks to the officials of the Town of Seabrook for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director

Division of Municipal Accounting
State Tax Commission

Herbert E. Hunt, Auditor
